Overview for Students:

The use of the Internet and automated systems (mainframe, network, or workstation-based) at school is ONLY for educational purposes. Such uses include use or access of email, chat, and social networking sites such as MySpace and Face Book.

Having computer access and the use of school district computer resources is not a right, but a privilege, and inappropriate use will result in cancellation of that privilege. Please note the following in particular:

- I must only use my own User Name and Password to log on to this computer and am not logging on for someone else to use this computer.
- Network storage capabilities are only for appropriate school-related activities and assignments.
- I will NOT run executable files from an external source or store non-school related information on the network drives. I agree to follow copyright and plagiarism standards by citing sources when gathering information and will not copy and paste the works of others without proper citation.

My signature is evidence of my understanding and agreement to comply with these guidelines.

Activities must support education and school operations consistent with the educational goals and policies of the Leon County School District.
