Dear Oak Ridge Parent, Guardian, Community Member,

The School Public Accountability Report (SPAR) for the 2012-13 school year is available for viewing in the school office or you can view it on line at:

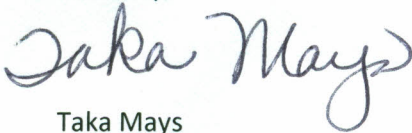

<http://doewebprd.doe.state.fl.us/eds/nclbpar/index.cfm>

This document contains important information about our school, including kindergarten readiness, test scores, enrollment and other pertinent data. We will use this data to assist us in making decisions about programs and services to provide our students and their families. Hopefully, this information will help you know more about our great school and better understand our school improvement efforts. If you have questions, please feel free to contact the school.

Our school grade declined for the 2012-13 school year, but we are looking forward to making greater improvements during the 2013-2014 school year. We will continue providing remediation and enrichment opportunities for our students. A few of the opportunities include: K-5 enhanced classroom instruction with the use of reading, math and science software, continuous professional development for all teachers, a schoolwide focus on positive behavior as well as district support.

We are looking forward to an awesome year and hope that YOU will be part of our efforts. Please plan to participate in school-sponsored activities, such as our PTO, School Advisory Council (SAC), parent workshops, our mentoring program, conferences, and other school improvement initiatives. With all of us working together, our students will continue to soar!

Sincerely,

Taka Mays
Principal
