

FSU Program in Neuroscience presents...

BRAIN FAIR 2016

MIND-CRAFT

5th annual FSU Neuroscience Brain Fair
An event for kids of all ages to learn how their brains work.

This year, come discover the hidden treasures buried deep in the mines of your brain with a "Mind" Craft adventure! The Brain Fair offers something remarkable for all ages. Come build your own neuron, watch the neurons within you fire, witness your senses in action, observe real brains, and discover many more exciting phenomena! Join Steve, Pig, Chicken, Creeper and Gary Gray Matter in a quest to unearth the scientist inside of you!

when: Saturday, April 9th, 1pm - 5 pm

**where: FSU Department of Psychology
1107 W. Call Street, FSU Campus**

hear leading scientists present the latest in brain research

see demonstrations about how the brain works

participate in hands-on brain activities

and much, much more!

Free and Open to kids of all ages!

Join Gary
Gray Matter!

Free Bike Helmet
Give-away!
