

Developing Quality IEPs: Transition Planning

The goal of this workshop is to help educators develop quality individual educational plans (IEPs) for students with disabilities at the **secondary** level. Participants will be actively engaged in activities to write quality present level statements, measurable annual goals, and short term objectives/benchmarks. Additional topics include transition planning, post-secondary education and career goals, high school diploma options, and transition assessments. **With completion of follow-up, participants will earn 8 in-service points.**

Where: FDLRS Training Room 118

725 S. Calhoun St.

Tallahassee, FL 32301
