

INSTRUCTIONAL PRACTICES

60 Bankable, ESE In-Service Hours

March 5th - May 15th, 2018

This course enables educators to develop, increase and demonstrate knowledge about how to select instructional practices which incorporate specific learning strategies and specialized materials to meet individual learner needs. Participants will also learn about analyzing educational activities to assist in the development and implementation of accommodations and modifications that allow students with disabilities to participate in the general curriculum in a meaningful way. Course content includes effective methods of communication, consultation, and collaboration with other educators, related services professionals and with families.
