

# FLIPP THE SWITCH

## An 8-Week Book Study

### 1/14/19 – 3/11/19

Does this sound like any of your students?

- Cannot successfully manage wait time
- Makes poor priority choices when time is limited
- Is challenged in assessing social situations
- Cannot see the “big picture” of a long-term project
- Is unable to sequence behaviors needed for tasks
- Has a backpack that looks like a dumpster

If you answered “Yes” to any of the above then your student(s) may need to improve their executive functioning skills. Join us as we learn 25 research-based strategies of the FLIPP model designed to improve Flexibility, Leveled emotionality, Impulse control, Planning/organizing, and Problem solving.
