“ As a leader in law-enforcement, I am often ask the question, where will our future leaders come from? My response has always been... I believe that many of the future leaders of our nation will be developed as a result of the strong character and reverence for community instilled in our young boys and girls who participate in scouting”

- Walt McNeil,
Leon County Sheriff

SCOUT ME IN™

Cub Scouts is a fun and educational experience where boys and girls can enjoy safe, wholesome activities and learn timeless values. Cub Scouting focuses on building character, improving physical fitness, teaching practical skills and developing a spirit of community service.

Your Child, Cub Scouting and You...

What Experiences do you want to have with your child?

As a parent, you want your child to grow up to be a self-reliant, dependable, and caring individual. Scouting has these same goals in mind. Scouting weaves lifetime values into fun and educational activities designed to assist parents in strengthening character, good citizenship, and physical fitness in youth.

Cub Scouting Teaches Your Child

- ➔ Confidence through recognition by adults
- ➔ Belonging by building relationships with other children
- ➔ The value of family by fostering quality family time to strengthen the bond between parent and child
- ➔ Social skills through the interaction with other people
- ➔ Moral and ethical decision-making by instilling values
- ➔ Leadership skills through leading other children
- ➔ Citizenship by teaching how to be a responsible member of the community

Why Join Cub Scouts?

- ➔ Your time is valuable. Cub Scouting helps to support your family by providing ready-made opportunities for you and your child to do things together.
- ➔ Your child needs to belong to a group of children of the same age. This sense of belonging builds self-esteem and teaches children how to get along with others. As a parent, you want to be assured that the groups your child joins will teach values consistent with good citizenship, character development, and physical fitness.
- ➔ In a society where your child is taught that winning is everything, Cub Scouting teaches them to “do their best” and be helpful to others.
- ➔ Scouting teaches family values and works to strengthen your relationship with your child. Scouting activities can bring added value to the time you have with your child.

KIDS JOIN SCOUTING BECAUSE IT'S FUN!
