## Parent/Student Acknowledgement of COVID-19 Protocols

### As a parent...

- I understand that under **Policy 5200**, attendance will be taken daily, regardless of the instructional delivery model selected (i.e., distance learning or brick and mortar), and it is my responsibility to make sure that my student attends their selected instructional classes as assigned.
- I understand that according to **Policy 5500**, students will follow the District's safety protocols while in the brick and mortar setting. Infractions of safety protocols (i.e. face coverings) will invoke the progressive discipline plan to include informal consequences such as school detention or referral to a dispute resolution program, up to and including formal consequences such as suspension or expulsion.
- I understand that if compliance with safety protocols is unattainable, to protect the health, safety, and welfare of students and staff, the Superintendent has the authority to reassign students to their assigned school's Digital Academy instructional delivery model.
