**Virtual Food Science
Summer Enrichment Camp**

Fee: \$25/ per person

July 12-14, 2021

Students will evaluate the danger and health consequences of foodborne illnesses linked with specific food products and behaviors to create a recipe that contains instruction for safe food handling, preparation, and storage at home.

For more information, contact Conchita Newman at conchita.newman@famu.edu.

**The Entomology Insect
Science Virtual Camp**

July 19– 21, 2021 **Fee: \$50/ per person**

The Entomology Insect Science Virtual Program introduces students to the intriguing world of insects. Participants will engage in a variety of activities including hands-on experiential learning activities. The hands-on experiential learning activities, and pre-recorded videos are designed to enhance participants' awareness of insects and the impact they have on the world around us.
