

Griffin Middle School

Thank you to all the parents and guardians who attended our virtual open house this past Thursday evening. If you have any questions or concerns, please contact the teacher or someone on our administrative staff. The teacher presentations will stay available on our school website for the next few weeks to give you an opportunity to view if you have not done so already. The link to those videos can be found [here](#).

Our School Improvement Plan (SIP) is in the editing stages. For those who do not know, the SIP is written each year and lists specific goals and action steps on how the school will achieve those goals. This year our three goals are related to increasing proficiency and learning gains in Math and ELA through instructional practices, providing targeted instructional practices to our lowest performing student subgroups, and providing supports to our newest teachers with less than three years of teaching experience.

Please continue to support our athletics. This quarter is volleyball and football. The schedule for games is below.

On September 15, we will be sending out the quarter 1 progress reports. If you notice your child needs assistance, please reach out to the teachers and/or take advantage of the **FREE** online tutoring service (FEV Tutoring) which is available 24/7. We all also encourage you log into the Focus Parent Portal to review missing/graded assignments.

Thank you for your continued support as we work together to ensure academic success!

Upcoming Events
