EDUCATION

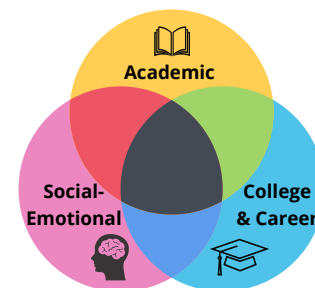

I received my Bachelors in Psychology from Florida State University and then a Masters in School Counseling from the University of Central Florida.

MY PHILOSOPHY

Each student has the right to learn in an environment that supports their growth as a learner and an individual. Every student is capable of acquiring the knowledge and skills they need to be academic, socially-emotionally, and vocationally successful.

MY ROLE

My primary role is to support the school community to improve student outcomes through addressing student's **Academic**, **Social-Emotional**, and **Vocational** needs. Services provided through our comprehensive school counseling program include:

- Individual Counseling (ex. coping skills, organization, etc.)
* **This is NOT therapy, it IS extra help with school-related skills**
- Classroom Lessons (Academic, Social-Emotional, & Career)
- Small-Group Counseling (ex. grief, divorce, study skills, etc.)
*Topics based on needs
- Consultation and Collaboration with all Stakeholders
- Parent Meetings
- Crisis Intervention
- Referrals for Mental Health services, if needed

COMMUNICATION

If you'd like to set up an appointment with me to discuss your child's needs or would like to refer your student, please send me an email!
