

Griffin Middle School

This is the last week of the 1st nine weeks! Our teachers have been working hard to ensure the students are mastering the standards that are required for each specific course. The success of the students is a partnership. Please check the parent portal in FOCUS to look for any missing and/or low performing assignments. This is the LAST WEEK for students to make-up missing work. Students should be communicating with their teachers to learn how to best make up the missing work, and/or recover on low performing assignments.

Students are required to earn their quality points in the core classes (Language Arts, Math, Science, Social Studies) to be promoted to the next grade level. A minimum of 4 quality points must be earned for each core class to receive credit. Quality points are awarded in the following manner at the end of each quarter:

- A = 4 points
- B = 3 points
- C = 2 points
- D = 1 point
- F = 0 points

We will begin our next round of STAR Assessments this week. This is our progress monitoring data, and we will use this data to make instructional decisions for each individual student. Please encourage the students to do their best, so we have the most accurate data.

Picture Day will be Thursday, October 14th! Information has been sent home. 6th Graders will be having their health screenings on Tuesday, October 12th.

Next Monday, October 18th, is a Teacher Planning Day/Inservice Day. No students should report to school on October 18th.

Thank you for your continued support as we work together to ensure academic success!
