IB PREP

Fostering Academic and Personal Growth

The IB Prep Magnet Program at Fairview is an accelerated academic program. Students are advanced in all curricular areas, not just a few, and have the opportunity to explore world languages, the arts, and computer coding and programming, along with challenging and enriching core subjects. Twelve IB Prep teachers, trained in the IB philosophy and curriculum, work in teams at each grade level to provide students with a unique and challenging academic experience.

The IB Prep curriculum is based on enriched and challenging standards, and our faculty teach with a holistic approach to learning. While advancing their studies and developing essential critical thinking skills, students learn about the world around them, their roles in it, and ways they can change the world for the better. The accelerated curriculum is preparation for any advanced program of study offered at any high school, from AP classes to the IB diploma.

Our program also offers transportation anywhere within Leon County limits, along with a dedicated IB Prep after-school program. If you have any questions, please reach out to the coordinator, Mr. Lee Cameron. (cameronl@leonschools.net)

Applications are due March 1!

How to Apply?

1. Go to Focus (Parent Portal)
 - a. Select your child's profile, and navigate to the "school choice" section.
 - b. You are able to select up to three schools/programs. Rank them in your preferred order.
 - c. If choosing Fairview IB Prep, please choose the correct option! Do NOT select "Open Enrollment". Instead, look for the Pre-IB option.
2. Submit the Fairview IB Prep Application Materials: Available through email, or on our website.
3. Email or call Mr. Lee Cameron, IB Prep Coordinator, with any questions.
 - a. cameronl@leonschools.net
