

# Donate to people in Turkey affected by the earthquake

If you haven't heard already, a devastating earthquake hit multiple cities in Turkey on February 6th and many people lost their family, friends, loved ones, houses, and cars. At times like this, they need our help to survive. Your donations will go towards their needs for temporary shelter, food, water, and other necessities. The funds will be either directly delivered to people in need or donated to credible nonprofit organizations.

**Thank you for making an impact!**

Tarik Dogru (Dr. True) is organizing this fundraiser on behalf of the small group of hospitality and tourism faculty from Turkey in the USA and a group of people from Turkey living abroad in other countries.
