

Killearn Lakes Elementary PTO

Ressa's Remarks

PRESIDENT'S MESSAGE:

"And all at once, summer collapsed into fall." Oscar Wilde

I love this quote because it perfectly captures this time of year - when cooler weather, busy school days and even busier weekends signal the end of summer and the start of the Fall season.

October and November offer so many opportunities to enjoy the outdoors and spend time with our family and friends, and at Killearn Lakes Elementary we're excited to continue a cherished school event, the annual Fall Festival. Please join us for a fun afternoon with carnival games, food trucks, and community partners like AR Workshop, Killearn Lakes Taekwondo and Redemptive Love Farm.

Families can also enjoy meeting Detective Osbourne and his K9 Jon Jon, bouncing through an obstacle course, interacting with real robots at the FSU Robot Petting Zoo, trying to win a full-size cake, and learning about weather reporting in front of a real green screen with WTXL's Meteorology Team. It's sure to be a fun-filled event!

We hope to see you at our next PTO meeting on Tuesday, October 24th at 6:00 pm in the Media Center. Free childcare is now available! We'll be discussing our November events and getting a head start on the school's annual Holiday Giving program.

Thank you and I hope to see on November 4 at our Fall Festival!

Best,
Ressa Tomkiewicz
PTO President

Grandparents Day was GOLDEN!

Grandparents Day was such a huge success this year, and we all felt so LUCKY to see so many smiling faces on the two days of Grandparents Day. Over 800 Grandparents graced the halls of Killearn Lakes Elementary over the two days, and the students were all so happy to have their family there with them.

Grandparents (and parents) got to enjoy lunch with their student(s), spend quality time together at KLES and even shop the Book Fair after!

5th Grade Bike Ride

Our 5th Graders had a Bike Ride for PE Bike Safety!

Students get to bring their bikes in for a ride around the school and neighborhood for their Bike Safety Unit in PE. The kids love this unit every year, and it's a wonderful way to learn about how to ride safely.

5TH

Go Gold!

Students, Teachers, and Staff wore GOLD in September to show support for Childhood Cancer.

GO GOLD® is an effort spearheaded by the American Childhood Cancer Organization to link the gold ribbon as the international symbol of childhood cancer with a goal of transforming awareness into outcomes.

Killlearn Lakes Elementary
