

Interested in helping AP Capstone Research students at Leon with a research project? You can fill out this brief survey to do so. Information about the survey and the AP Capstone Research Program is attached below, and responses would be appreciated.

Please Note: You do not need to have a child with an accommodation plan to fill out this survey!

Informed Consent Form

Project Title: Differentiating causes of 504 plan inequality and misuse in Leon County Schools.

Principle Investigator: Walt Haber

Faculty Sponsor: Mr. Robert Read, AP Capstone Teacher

Directions

Please click on the attached survey and fill out the brief survey as accurately as possible. You are being asked to participate in a research study conducted through an online survey. This research will study what factors affect students' access to accommodation plans. This form provides you with information about the study. Please read the information below and contact the researcher if you have any questions. Thank you so much for your time.

Information Regarding AP Capstone Research

AP Capstone research is a yearlong research-based class that consists of a 4-to-5-thousand-word paper and presentation that encourages students to demonstrate critical thinking and academic research skills on a topic of the student's choosing. This class has the rigor and discipline of a college level course.

Possible Risks

The questions asked in this survey, while personal, are not considered invasive. This survey is 100% voluntary, which means participants are not required to take this survey. No questions cause psychological damage; however, **if participants do feel uncomfortable when answering, they are not required to continue and can exit the survey at any time.**

Confidentiality

All participants' responses and names will be 100% anonymous. The Investigator has no way of knowing who submits a response through the online survey. When discussing the data and the outcome of the research, no names will be used but rather numbers or groups will be used to represent participants/data.
